FACULTY NEWS

Congratulations to Raghavan Jayaraman on being invited to be a member of the panel for the NSERC – Strategic Network Grants Supplemental Competition in Manufacturing, 2009.

Grants Received:

David Levin and Nazim Cicek will receive \$400,000 from the Canada Foundation for Innovation to support a laboratory that will improve efficiencies of ethanol and hydrogen synthesis from agriculture and forestry “waste” material remaining after harvesting.

Jun Cai will receive \$92,300 from the Canada Foundation for Innovation to establish a laboratory that can emulate entire wireless networks, enabling him to evaluate newly proposed management methods and algorithms.
